

**Committee of Safety
Common Law Court**

Dated December 10, 2012

In Case number **120301**

Accuser:

Louis Baez

Accused:

Lukaz Rudkowski

[The Indictment was sent to the Accused on November 26, 2012, to the following email addresses: bedachange.com@gmail.com ; mailto:revolutionchl@yahoo.com; luke@wearechange.org. The Accused has neither replied nor agreed to answer the Indictment before a Jury at Trial. The following is the wording in the Indictment sent to the parties. Any additions, for the sake of clarity, will be within [brackets]. Understand that the evidence that was submitted and accepted by the Grand Jury is not indicative of the guilt of the Accused. It does, however, raise the possibility (probable cause) that the charges made are true. Only the Accused can defend against the accusations with evidence and testimony that he can provide to the Court to dispute that which has been provided by the Accuser.]

The Common Law Court has no authority to require you to appear. The Accuser came forth voluntarily. If you do not come forth voluntarily, and refuse to answer to the charges contained in the Indictment, there is nothing that the Court can do to compel you to do otherwise.

The Court, however, will post on its webpage, the Unanswered Indictment, for all who wish, to see and to comment. The wording of the Indictment may be changed to clarify certain portions, since some Exhibits may not be made available when an Indictment goes unanswered. The Court hesitates to promulgate certain activities when those activities are based on the charges.

You have ten days (weekends and holidays excluded) to indicate that you intend to voluntarily answer the charges contained in the Indictment. If the Court has not heard from you in that time, the Unanswered Indictment will be posted. If you reconsider, at a later date, the Unanswered Indictment may be removed and trial schedule established.

If you choose to answer the Indictment, you should go to the Committee of Safety - Common Law Court Forum, at <http://www.committee.org/LibertyTree/index.php>, and register. Once you have registered, advise me of your username at the Forum so that I can provide access for you to where the exhibits, Complaint, and all other information you might desire, will be available. We must deal with access in this manner to assure your privacy. Only those authorized by the Court will be given access to that portion of the Forum.

Once you have indicated that you will answer to the charges, within the ten days indicated above, the Court will schedule the trial to begin no less than 20 days after receipt of your notice to the Court.

You will be allowed to call any witnesses that you wish, and you may submit any evidence that you wish. The decision of what may be submitted will be left to the Jury, not to the Court. The Jury's determination will be whether they wish to consider testimony or evidence submitted at trial during their deliberations.

The Accuser will also have the right to provide additional evidence and to call witnesses to testify. The same determination, by the Jury, will apply to the Accuser's evidence and witness testimony.

If a witness for either party refuses to answer questions in cross-examination, the Jury will determine whether to consider the testimony as prejudicial, by refusal to answer questions put to the witness. The other party will conduct the cross-examination, and, the Jury will ask questions of witnesses, if they choose to do so.

There is no limit to the amount of evidence, nor to the number of witnesses that may be called in any proceeding. There is no time limit on the duration of the trial.

Both you and the Accuser will be allowed to appoint any one person to serve on the trial (petit) jury, so long as that person is willing to take the oath that is taken by all jurors. This is to assure that both parties will have insight into the deliberations of the Jury, rather than have doubts as to what is transpiring during deliberations.

The Trial will be held at the Forum, in a "Courtroom" which has limited access. Witnesses will have to register at the Forum to testify, and will only be allowed access to the Courtroom during their testimony. Only parties to the action and specified Court members will have access, during the trial. The Jurors and most Court officials will have read only access and may not participate in any discussions during the trial.

There will be no oral testimony, unless it is submitted in the form of an MP3 audio file. All testimony shall be in writing, within the Forum, and under the appropriate Topic.

Upon completion of the Trial, a record will be made of the provable facts of the case. Unsupported allegations will be removed, so that no erroneous information can be construed from that record. The Trial record will then be posted, along with the Verdict, so that any who choose to review the Court record can do so, with a full understanding of the information provided to the Jury, and used by them to come to their verdict. This will include any sustainable counter-charges.

You will also have the right to file any counter-charges, without need for review by the Grand Jury, should you decide to answer the Indictment, so long as the charges are involving the Accuser.

This procedure is established to provide for the highest attainable justice that the Forum in which it is heard will allow, while still protecting the privacy of both parties, and others involved as witnesses or members of the Court.

If you are prepared to answer to this Indictment, or if you have any questions, feel free to contact me at Clerk of the Court.

Count 1: Fraud

The Accused, under false pretenses, collected monies from individuals who were led to believe that the donations were going to be allocated towards the 9/11 first responders' medical expenses as well as the equipment expenses for We Are Change.

[Exhibits were available to the Accused if he followed the instructions, above. They are the Exhibits considered by the Grand Jury that led to the current Counts on the Indictment. They will be included herein, where possible, with links to those not suitable to this format.]

Exhibit A1 [These are the portions from two years worth of bank statements made available by the Accuser, between 2007 and 2008].

Code of Conduct

We Are Change is a peaceful organization that does not discriminate in any way. We are tolerant of all regardless of racial, religious, ethnic or sexual orientation (**even though the SPLC still groups us with neo-nazis**). We denounce any individual or group that would speak in our name and that would not adhere to these precepts. Anyone violating these principles will be asked by the group to leave permanently as a destructive individual working against the goals that We Are Change is striving to achieve. As a nation and world in crisis and a realization that time is not on our side, there will be no tolerance for anything other than an effort to preserve national sovereignty and to seek truth and justice for all through non-violent policies based on open government, public awareness, compassion, kindness and a commitment to Constitutional law.

1. We Are Change recognizes all members have unalienable rights as sovereign individuals written in the Constitution of the United States and Bill of Rights and that such rights shall be honored at all times.
2. No provocation of violence will be tolerated under any circumstances. Any violent action perpetrated will result in the immediate expulsion from the group. Any violent action carried out by an individual is done solely by their cause and never in the name of We Are Change.
3. Racial, sexual, religious, age or discrimination of any kind will not be tolerated.
4. No group member shall use language in public that will inflame others to violent action.
5. No group member shall destroy the property, tangible or intangible, of others, public or private.
6. All members will treat each other with respect at all times. Disagreements should be resolved in a peaceful and mature fashion. We will not always agree but we will respect each others opinions.
7. Weekly Meetings:

 2. Only cordial and polite debate about topics shall be discussed and all members with refrain from using profanity to ensure civil discussion is engaged.

I cant believe how crazy this all is.

How can people preach responsibility, respect and doing the right thing when their actions are the complete opposite of that.

You guys saying your an enforcement hand of the irs and fbi shows your true motives that you have been discussing for months in secret, if you cared about the group you wouldn't use strong arm tactics to get information out of us and plotting this whole argument for months on secret conference calls between each other.

Pat you said that you do not want to have a coup against me but only want to see the financial records, why are you lying to the group again? I have you recorded asking people if quote they "want to be apart of the coup to get ride of luke from wearechange" and why is pat from NEPA demanding financial records, hes not apart of our group here in nyc, the people who are have seen the records. Honestly Pat what is your true motive and why do you want to see the records?

No one got kicked out of wearechange, I told them that they are no longer head/leader/organizer of their wearechange groups because of their destructive behavior and lack of any productive work. i deal with chapters problems all the time and had to stop people from being destructive to our mission. This is not the first time I did this, read my email carefully before you make any assertions.

Pat you said you have legal ownership of nepa change, I would like to ask you how do you expect us to work with you after all you have done to hurt our movement?

As far as i am concerned you guys are all about stirring problems and are doing noting else., what has nepa change done or accomplished in the past months? noting but cause problems. You can keep your name and lega ownership cause i know you guys are not doing anything good. But if you want to do that then you are not an official chapter of wearechange and wont be networking with us nor be apart of our conference calls.

I honestly don't care because this week alone from the interviews and shows I have been doing, Dan has receiver over 30 new requests to start wearechange chapters. We have bigger and better things to take care of People need to look at peoples actions and their fruits of labor and history to understand this whole debate that is going on now. I do not trust any of you guys and because of all of your destructive actions, you guys don't deserve anything.

Asking John Feal for his books is not in violation of the code of conduct TRUE, but using congressmen to put negative attention on Feal good which hurt our relationship with him and hurt congressmen from passing the James Zadroga bill is not right. You have shown that it is more important for yourself to get info on us rather than build coalitions and help save 1st responders lives. how can you rationalize that? maybe if you were nicer and came about things the right way, communicating with us and showing up at the meetings you could of easily had all the records that you are fighting for now.

I am sick of this constant bickering and lying, Manny is right, were going to continue to fight for the families and wont be stopped by people on the sidelines who are not even helping because they want to kick me out of wearechange. I offered a solution with disclosing every week at meetings money donated and money spent from now on so we have a book keeping public each week. We started last week but If that is still not enough for you it makes me wonder what your real goals are.

As we fight an argue over noting continuously, being threatened by people in this group, our friend Charlie Giles has to pay \$40,000 in medical bills while being kicked out of his house because workingmen s comp has taken away his coverage. Lets try to understand why we are here instead of bickering and hating each other. if you guys just put enough energy as you do now hurting us into something productive, we could be unstoppable.

We have lots of work ahead of us, but noting is more sure is that we wont get noting accomplished when people drop everything their doing to cause more diversions and problems.

David Chen said it right, WeAreChange is a philosophy rather than an actual organization. Were not organized at all mainly because of the burden being put on 2 people who cant do everything to run this huge group. Which in a way is a good thing because if we were a non profit we wouldn't be able to criticize government officials and could be sent to court at any moment.

If you guys care about this group, like you guys say you do, you would act like you care for this group and not try to bring us under with threats of using the IRS and FBI. If you guys would care about what you say you do you would help us organize instead of lying, treating and hurting us for the past months. I am sorry but I have no confidence or trust in you guys anymore because of your tactics, lies, slander and destructive behavior. I am done with this issue and with you guys as well, i have a lot more important things to take care of

peace and respect,
Luke

Subject: Re: How to run the News Paper into the ground

Dear CHANGE,

Sorry Luke nothing personal this is business and it needs to be handled, I tried contacting you for weeks, with no luck so I'm going forward in my efforts to sustain the group. It has come to my recent attention, that WeAreChange is dissolving in quality. This is an issue which should greatly concern all members of the organization, who can ONLY make a Change by being INDIVIDUAL LEADERS!

Over the past few years many dedicated and good willed people (some who were disturbed) have left the group, turned off by certain individuals

leadership traits and characteristics. As before it was certain individuals who were singled out, now it's the group as a whole and this issue is meant by a higher force not to be avoided, because it has reached a boiling point!

My opinion is being voiced, due to the fact that every person which I have spoken to agrees, that members of WeAreChange are not all given a fair platform to be individual leaders.

Luke you have put yourself above the interests of group members, and I see you using our efforts to support your cause, or view of what you think the group should be, even though it may oppose other members points of view.

Since WeAreCHANGE is not LUKE's change (not to sound disrespectful or smart). If this group was about individualism (WE) no one would be taking off content from "OUR" website, without permission from "OUR" group, deleting content would be discussed in a democratic fashion at a Change meeting, not in one person's head who has taken over to make decisions for the group, alone without any concern for other members need to express themselves as individual sovereigns.

I have recently put up a sample antiNWO music video which was deleted without my permission twice from the website, yesterday I have again added my music video, along with a interesting clip discussing subliminal messages in coca cola, both were taken off the website

without anyone's permission.

If content is controlled then members aren't free to express themselves on "our" website

without the permission of one individual who has become the group.

I shall outline a few points which I have experience with that shows the fact that=2

0Individuals in wearechange can't grow, but can only

follow one person's agenda of making films and supporting his career.

Which results in individuals leaving the

group platform to express

themselves individually as opposed to creating a single unified movement of leaders. Wearechange is reversing the priorities which the group was founded by years ago.

1-My content deleted with no permission asked, while being accused of not putting effort into the group, as I spent all my time pursuing a rap career to incorporate our group to a higher platform of audience, my efforts are being blocked and thwarted to express my creativity and individuality. Not to mention that I am facing over 6 months in jail for my efforts of providing the proper content for a website that is supposed to belong to the group not just one person, who decides the agenda for all that spent their time, free

dom, and effort trying to

contribute (not always with luck with

content being deleted, and members' voices being suppressed during

change events.

2-No members' Myspace page is on wearechange except for

the one setting

the agenda.

3-No member other=2

Other Many (only because of his suffering regarding

the loss of his uncle) was ever invited to speak at any platform by

Luke, when Luke (wearechange) was invited

4- Only Luke would decide who makes what speech and where during our events, while taking the platform to himself every single chance that he got, even screaming at members who would dare start the march

without him, making efforts that led to the alienation of key figures

who would have been a great help to our efforts in the future.

5- Only Luke was featured interviewed in Truth rising, no other

individual was even ASKED to do so.

having truth rising miss to capture the true spirit of our members who

do not exist in the eyes of the audience.

6- No members is currently being asked to be interviewed,

nor help narrate a film Luke is recently working on, while claiming to

do all the work, individual

expression and efforts are not reorganized.

7- no matter what the issue Luke you are not me and I am not you

wearechange and the key word is WE, no matter what issue you have, it

is not respectful toward individual group members, not to include them

and thwart their efforts to be placed in leaderships=2

Oroles, while

ignoring views you do not agree with. Real leaders know how to

recognise other potential leaders and help them grow as opposed to

suppress their will of expression.

Your poor leadership efforts resulted in a huge split in our

organisation and others as well,

there was no need to argue over bank

statements knowing how a non profit organisation functions, trying to defend an ~~egotic~~ stand point of proving your loyalty, you have mixed personal relations with business, which resulted in others ~~engalng~~ in efforts to destroy our alliance with first responders.

I am calling a

~~emer~~

gency meeting probably this Friday, to put the cap on the bottle, making sure that we update our code of conduct to allow the free expression of our members, utilizing any platform to the fullest ability and equality without having their growth and efforts limited. We need to add at least 2 more cosigners to the bank account to eliminate any future suspion(even though I don't think luke is stealing, it doesn't matter because business is business and a real leader should recognise this, learning not to take insults personaly). If Luke doesn't begin to share the platform, then this will only result in luke pursuing his career ~~soley~~ without wearechange and its potential future leaders who can't grow under the current conditions of our group.

I shall set a date for the emergency meeting during the course of the 20 week, so we can really create CHANGE! And end the bullshit ones and for all

Count 2: Embezzlement

The Accused embezzled funds from donations intended for the medical expenses of 9/11 first responders as well as We Are Change equipment, into his own personal bank account between 2007 and 2009; he has collected funds exceeding \$60,000 and has made large cash withdrawals nearly matching those deposits.

[Links to Exhibits: Exhibits A5-01, A5-02, A5-03, & A5-04 are entire audio files. A5-01-01, A5-02-01, A5-02-02, A5-03-01, A5-04-01, A5-04-02, & A5-04-03 are excerpts specific to the charges. The excerpts are explained as follows:]

Exhibit A5-01 [audio]

[Louie & Dallas on The Crotch Shot Radio Show \(10/28/10\)](#)

Exhibit A5-01-01 [audio]

8 min - 13 min

In this portion of audio the subject starts off with the accused and the accuser talking about accounting records. The accused states that the records have been turned over. Then the accused states that he did use donated funds to pay for schooling when his Aid checks were late, then he states that when the aid checks did come he then replaced the money (donations) with his aid checks.

Exhibit A5-02 [audio]

[Lindsey on The Piper Report](#) [date unknown; file = TS-334403]

Exhibit A5-02-01 [audio]

2 min - 6 min

A caller (Lindsey) to *The Piper Report* claims that the Accused based on Exhibit #A1, as well as the fact that there was allegedly a government investigation by the Attorney General of New York; he also claims that as a donator who says that on the PayPal receipt thanks him for his donation to "Lukasz Rudkowski."

Exhibit A5-02-02 [audio]

8 min - 14 min

Lindsey goes on to admit that We Are Change is a corporation (We Are Change, Inc.) whose donations is supposed to go to a equipment, not a "personal kiddie fund." He also says the Accuser was kicked out of WAC for pushing the issue of financial transparency.

Exhibit A5-03 [audio]

Luke Rudkowski on Revolution Broadcasting - [date unknown; file = TS-412038]

Exhibit A5-03-01 [audio]

0 min - 5 min

The Accused claims that Sabrina Rivera gave Pat Exhibit #A1, which he asserts is proof that he is not embezzling donations. Then he states that he did use donated funds for pay for his college tuition since his financial aid checks had come in late; this is followed by his claim that when his financial aid checks came in he replaced the WAC donated money with his financial aid checks. The Accused claims that "it was a mistake...I should have never mixed my money with We Are Change money;" he then says that his personal bank account is different from the corporate WAC bank account.

Exhibit A5-04 [audio]

Conference call between Louie, Pat, & Dallas (date unknown)]

Exhibit A5-04-01 [audio]

14 min – 18 min

The accounting problem is mentioned along with applying for and discussing the problems and requirements of declaring a 501c and the possibility of applying for an LLC. In this same time stamp they are searching on line who the accused is and they are not finding anything etc.

Exhibit A5-04-02 [audio]

31 min - 37 min

They start out discussing the by laws that are in place. They also discuss how they were treated when questioning Luke and Sabrina about where the money has gone, they Luke and Sabrina claim they have records. Although no one can see these records as it would be a security breach.

Exhibit A5-04-03 [audio]

45 min – 53 min

This is the best segment on this recording as far as I can see Heather calls in to join conference call and asked the accuser and Dallas if they remember the dollar amount in October. The problems encountered when asking for accounting is revisited in this segment with Heather's participation being the difference. It is also apparent in this segment that Sabrina appears to be in as deep as the accused.]

For the Past 2 years many of us have been fighting for transparency within the 9/11 Truth movement. Specifically, within Wearechange New York City as it pertains to the finances. We feel extremely reluctant to discuss the current situation with "WE ARE CHANGE", but It needs to be addressed if we are going to move forward in this movement. This situation has been extremely disruptive, and we hope we can all come to a resolution in a civil and honest manner.

It should be known that we have tried to deal with this in a private setting, hoping to shield the rest of the movement from this unnecessary drama. However, Luke Rudkowski has put us in a position where that is no longer possible.

Luke Rudkowski routed all donations totalling over \$85,000 (according to the chip-in flash application gauge) to his [PRIVATE BANK ACCOUNT](#) (just like Les Jamison of NY911truth did). Luke Rudkowski has 100% control of donations that come to We are change. Luke Rudkowski has yet to give a real detailed financial report in two years which is supposed to be provided according to voted on bylaws.

"All expenditures will be presented to the group with statements presented on the first meeting of every month detailing expenses and money accrued."- http://www.wearechange.org/?page_id=33

Back in March 2009 Luke and 2 others where arrested for attempting to question Mayor Michael Bloomberg. Luke set up a chip in to pay for the legal costs for all three people. However, it quickly changes to just be the Luke Legal Defense fund. According to the chip in widget Luke was able to raise \$4,241.55.

A search on the New York State Court Unified Court System at <http://iapps.courts.state.ny.us/webc...efendantSearch> for Lukasz Rudkowski

If Lukasz was able to raise \$4k for the legal defense fund, why does he have a legal aide lawyer? What has he done with the money he raised for a lawyer? We had to find this on a website that had the wearechange NY legal defense fund Chip-in widget embedded because again Luke is trying to cover his tracks.

Luke Rudkowski has made slanderous statements regarding the integrity and allegiance of myself and others and accused us of being cointelpro. The only crime we committed was asking questions and demanding answers about the bank account. Luke Rudkowski's false and slanderous accusations have given this movement a black eye. The punishment for asking questions to Luke Rudkowski is chapter deletion from main site without a democratic group vote. We will not allow Luke Rudkowski to become judge, jury and executioner in the case against devoted members.

Luke Rudkowski has refused and ignored any efforts by us and other members of WE ARE CHANGE to deal with this situation. Luke Rudkowski has ignored our request to see records. Instead Luke Rudkowski just accuses people of being negative or trying to cause the group to split. Luke Rudkowski had the same problem with Les Jamieson of NY911truth. According to Luke Rudkowski, Les did the same exact thing to him. THAT'S WHAT YOU CALL A HYPOCRITE!!!!

On December of 2009 in a Facebook status post Luke Rudkowski's Ex-girlfriend, Sabrina Rivera speaks out on his exploitation of the late Dan Wallace. In the status updates Sabrina also went on to explain that Luke used Dan Wallace's name for his own fame and still has the belongings of his to Sabrina Rivera. In actuality the real founder of WeAreChange is Dan Wallace.

The members of We Are Change New York have allowed Luke Rudkowski to become a dictator and allowed him to overrule democratically voted will of the members of We Are Change. This breaks the rule in the code of conduct that this is a leaderless movement. The members allow this because of fear of being ostracized by the group and falsely accused of being cointelpro.

The Crotch Shot Radio Show has obtained Luke's financial records from Dallas Carter who in turn gave them to us. These PDF files are the smoking gun. The Chip-in sheets will tell all with the bank statements

Download the records here <http://www.4shared.com/document/4t3jZs-M/DOC102710.html>

You can see that the only deposits are coming from the WE ARE CHANGE PayPal account. This is the money you donated going into his private bank account.

Then you can see him paying for his [College Tuition](#) at Brooklyn College. THAT IS NOT WEARECHANGE BUSINESS!

We saw as Luke Rudkowski withdrew \$20,000 from WeAreChange's PayPal account. This was exactly \$4473.10 that went to pay for his tuition at Brooklyn College. According to the wearechange site on the now replaced chip-in application the donations are for fliers, DVD's and, events. It is interesting to see that Wearechange stopped using the Chip-in app which showed how much was collected and a description of purpose of the donation. They have replaced it with the non-transparent PayPal payment button.

When a donation is made the receipt says donation to Lukasz Rudkowski. This point was also made by Lindsey of theinfofounderground.com called into The Piper report to confirm this.
<http://recordings.talkshoe.com/TC-23980/TS-334403.mp3>

In a recent Radio interview on Revolution Broadcasting marathon Luke Admitted to mixing Wearechange money with his own and using Wearechange Donation money to pay for college. This is still fraud no matter if he paid it back or not.

<http://recordings.talkshoe.com/TC-23980/TS-412038.mp3>

He has fought to have sole control of the finances of We Are Change. In addition he has been blocking any inquiry into the finances. We are not saying Luke has not done any good of course he has. However, we can not ignore this obvious slap to the movements face. He has been given massive amounts of trust and has been an inspiration to myself and others. Wearechange North East Pennsylvania and WeAreChange Latino were kicked out for asking questions and demanding answers.

We again must not mimic behavior of the New World Order. There is no grey just a black and white. Once you cross that line then you are automatically working for the enemy.

We are 9/11 truthers which means we are honest in our ways and must keep each other in check. Any abuse allowed is the same as taking part in it.

We released these records to the New York State Attorney Generals Office last year and they have yet to charge Luke. Andrew Cuomo the New York State Attorney General is running for governor.

Subject: A coup to get rid of luke from wearechange
From: Cool Hand <revolutionchl@yahoo.com>
Date: Fri, March 13, 2009 4:03 am
To: Jan <blueyedqueennyc@netzero.net>, amrbct1@hotmail.com, Anthony Verias <a_verias@yahoo.com>, Brian Kenny <brian@wearechange.org>, Dan Burke <dan@wearechange.org>, Darnell Luois <shensingcumil9@aol.com>, David Chen <david_chen100@yahoo.com>, Gemin Talis <killilluminati@aol.com>, watnuts123@aol.com, Paul Harkins <paul.harkins@sbcglobal.net>, Luke Rudowski <revolutionchl@yahoo.com>, matt@wearechange.org, Do Da <doda77@gmail.com>, George oftheJungle <georplagian@cs.com>, Rob <rob@wearechange.org>, awesumo@awesumo.com, Dianne Lipson <yillagedianne@hotmail.com>, Man <lecalphamale@hotmail.com>, bushcrimefamily@nepawearechange.org

I hate bringing this up, but I have to and need to because it brings a lot of understanding to the drama that has been going on the last couple of weeks and hopefully this will stop it.

I just found out that Pat has been calling people couple weeks ago before all the drama in the group occurred asking people and I quote "If they wanted to join the coup to kick Luke out of WeAreCHANGE."

Apparently this has been planned way before 9/11/08 with conference calls with certain individuals from this group. The purpose of these secret conference calls was to gather negative information as well as to discourage people from helping our organization.

According to Luis, there is a group of 6 people who are planning to rise up more drama and negativity against me. In which makes a lot of sense to a lot of things and activities of the people involved in the coup (Heather, Pat, Dallas, Luis and 2 others).

Myself and others are wondering why Heather flipped out about records from 9/11/08, in which were clearly presented and explained in detail to the group along with our budget that was

about:blank

6/10

projected for 2009 in October 2008. Therefore, why was this non issue brought up when all records for 9/11/08 were shown?

Also, I was wondering why Pat was getting information via Dallas, who was using Congressmen aligned with First Responders to go after John Feal. The latest e-mail sent to Congressman Peter King from Pat is on the bottom of this e-mail. Although he has a right to e-mail someone, his immature actions have hindered our strong coalition with 9/11 Heroes because of the fact that Pat is head of NEPA CHANGE. He sent the email to Congressman King ccing John Feal from his nepawearechange.org email.

Pat has ultimately destroyed our relationship with John Feal and the Feal Good Foundation by attacking John and the Feal Good Foundation. The Feal Good Foundation is working closely with Congressman Peter King to help pass the James Zadroga bill. Obviously the actions of stirring up negativity and drama are more important to Pat than having us work with First Responders to help pass the James Zadroga Bill.

Luis' nice picture of me is attached, in which was sent out to various members of this group. Luis was caught red-handed lying to the group twice last Saturday, 1st denying that he told 1st responders lies by saying I buy 100 dollars worth of weed everyday with WeAreCHANGE money and second by saying Harry told him this.

I talked to Harry and he told me he never said that. Harry also said that Luis took things out of context and was looking for any lynch pin to get bad information to use against me along with the others.

While Sabrina and I were giving a ride to Dallas from Philly, I mentioned Luis and others having negative energy, Dallas then told Luis which drove him to do what he did.

Pat and Luis I am sorry but there is no confidence in you and your actions especially representing the WeAreCHANGE name, you have shown a lack of leadership, respect and professionalism, you guys are no longer head of NEPA CHANGE and WeAreCHANGE Latino. Do you guys realize how your actions hurt this

movement and how unproductive they are. You spent all this time against me while ignoring the real problems we all face.

Dallas and Heather I hold no anger or resentment against you, but I do not trust you at all. I am sorry, but I have lost all faith and confidence in you from your actions. I hope we can all move on and take care of the larger problem at hand and put our petty disagreements aside.

Instead of festering all this hate and anger towards me, gathering information against me, slandering my name, making up destructive lies, disrupting meetings and hurting the cause to help sick and dying First Responders; why didn't anyone who had a problem with me pull me aside anytime before 9/11/08 or anytime after 9/11/08. We should talk one on one with our problems from now on and not in front of the meetings it not only discourages new people but it makes people put up their defenses up and not be rational.

If anyone has any problems with me in the future, please come to me directly and talk privately instead of festering all the hate, anger and trying to have a coup against me. I know I am not perfect, but I am willing to work on my communication skills to avoid these problems in the future. We will now go over each week how much donations we got and what money we spent.

As all of you know nothing can get done with negative energy. Positive energy is the key to our success and while people start fights over pennies, we're missing the larger picture (i.e. sick and dying First Responders, bankers stealing trillions from us, etc). There are a lot more important things we need to do at meetings. The only thing stopping us is us.

Peace and Respect,
Luke

Dianne--

Yes, it seems odd that every time these matters come up, the discussion turns to personal differences of taste and opinion that aren't relevant to keeping WAC financial and legal status in order. It's time for that to stop. The bottom line is, we don't all have to like each other or agree on everything, but if we don't find a way to work as a team and stay focused, none of our goals will be accomplished.

Peace,
Dallas

Hey Luke, while I can understand how you feel on some of the points your making such as the busy schedule and not wanting show up to what you feel to be an execution, from someone reading all the emails going around and still has a neutral view on everything (I'm not choosing sides in this private argument made public) maybe you should make an appearance. Obviously the meeting may not be one of the groups better ones or even more civil ones, due to high tension and arguments being made on both your all the others sides but in not making an appearance you only give those who doubt you some form of justification which in turn will then causes more disunity within the group. Again an absence will only cause more discord. Regardless of who is right or wrong both you and all those involved need to meet in

Subject: NO EMERGENCY MEETING THIS FRIDAY!!

I will not attend this attempted lynching on Friday for many reasons

1. i am busy with homework, working on the film and meeting with sunjat or sander that day.

2. I wont entertain people who don't help with wearechange but only cause more divisions and only want to be famous with their extraordinary rap career, which has noting to do with wearechange or content on our website.

I am sick of the death threats by pat, i am sick of the intimidation, harassment and slander that's put against me recently. I am sick of people lying and doing more things to hurt this group then help it. If you want to help you can but bullying, pointing fingers and name calling wont get you no where.

I not only have to deal with it on the Internet but now from a group of people who have been having conference calls to kick me out before 9/11/08.

I don't know how all you guys have time to write and read all these emails cause i don't and wont waste my productive time anymore.

but maybe instead of writing emails why wont you help the group especially with what you would like to see from this group, or if you hate me so much go find another group. I cant do everything and I am not perfect, so what is the point of pointing fingers demanding me to do all these things while i bust my ass and you sit on the sidelines.

This is going no where and we are all wasting productive time that can be spent doing good things instead of fighting each other. Wake up and see who the real enemy is and is doing the most busting

their ass for the greater good of all

Jan--

I'm not making any remarks regarding the trustworthiness of anyone involved with 9/11/08... I'm saying that it would be good to get the advice of an outside source familiar with charitable and not-for-profit organizations, and activist organizations, regarding the pros and cons of the various ways that We Are Change can be turned into an entity with it's own valid legal status and funding.

Peace,
Dallas

Correct me, if I'm wrong... but didn't we have "trustworthy" outside/input for the 9/11 event this year?

Glen from Jersey also suggested doing 501(c)4 rather than 501(c)3 last time I saw him. Again, I'd like to review the pros and cons on my own, and suggest that you all do the same before having any sort of vote. It'd also be nice to have some sort of trustworthy outside advice/input if possible.

I would have to say that us registering as a 501c3/nonprofit is long long overdue. perhaps through email we should take a vote, since currently I would believe wearechange is tax liable, and I'd hate to see the feds take us down for tax evasion or something. like alexjones says, choose your battles, I don't want us to turn in to a Brown's situation, and if we continue operating like this, when we do grow they can always go back and use this against us.

Just my jew...uhm...two cents :-)

Technically, are we a non-profit? Do we have 501c (whatever it is) status? I don't think so. So would this apply to us? We've gotten weekly break downs of spending and while your concern is valid, the strong arm tactics are unnecessary.

Anthony--

First off, the law referenced in an earlier link to the NY state Attorney General's site is a NY state law. Therefore, the IRS and the FBI are irrelevant in this particular case. It's state law that requires all charity and non-profit groups to make their books available for review upon request within 15 days of receiving the request. I didn't make that up, and neither did Pat. You can check the link for yourself....

Secondly, no it is NOT my job to enforce state law, that'd be a state cop and the attorney general. However it IS my job (and all of yours) to see that We Are Change is fully prepared and protected for legal action pursuant to this law. That means our books have to be spotless and ready to show to anyone who decides to ask. It also means it'd be a really good idea to incorporate and have some kind of legal status ASAP, as well as a separate We Are Change bank account and checkbook (for ease of tracking balance and transactions).

You'll note that I still have not asked for access to this money or for allocation of a penny.

I just want to make sure we're prepared to take We Are Change to the next level.

Peace,
 Dallas

Manny--

How do you figure that asking that We Are Change and the Feel Good Foundation to have their financial house in order is equivalent to becoming an enforcement arm of the IRS or the FBI?

How do you propose to be able to continue spreading the word regarding the kangaroo court that was the 9-11 Commission or helping those still suffering the effects of those tragic attacks, if you can't even meet the basic criteria that a charitable and/or non-profit organization is expected to meet?

http://www.oag.state.ny.us/bureaus/charities/pdfs/tips_charitable_giving.pdf

If someone comes to you asking why the Feel Good Foundation will not provide an accounting of their expenditures and projects, and We Are Change cannot provide this information, are they going to be told that they are working for the New World Order, the IRS, or the FBI? This may provide some insight on why donations are down.

If you want to be able to grow We Are Change as an organization and expand the range of our projects to help those affected by 9-11 and bring the truth to light, you have to accept that there is some information that will be expected to be made public and transparent.

Dianne,

Actually, I'm trying to bring the focus back to them ...

What's sad is that all I'm reading about is money, and not the purpose why this organization was started.

What I am doing is validating our mission, which last I understood was about the victims and not about money.

Thanks for your expressing your feelings Dianne, but when you find out someone in your family was murdered, and there is a growing organization that is working to inform others about the reality of that crime, and all the focus breaks down to money because of a select group of individuals, its pathetic.

Dallas,

The valid points you raise have been overshadowed by the actions you and Pat have taken to get to it.

We need to work together, and from reading the email that Luke sent, it looks as if certain people would rather work apart.

From what we were all told, we had \$16,000 last October, and at that same meeting, we were also offered a breakdown of operating expenses for this year.

A few weeks ago, it was mentioned we had \$15,000 last October and that currently we have \$9,000. And just a week after that, we were told we have about \$8,000. It should be easy to put the accounting together for those figures.

Acting within our own organization concerning these matters allows for us to grow.

You and Pat bringing up how we have failed to follow our own Code of Conduct when it comes to finances helps us address and correct those issues. How you and Pat have strong-armed for that information has hurt us.

I'd love to be reading about ideas and corresponding actions in relation to our mission instead of money issues.

Of course we need to get our house in order to progress, and of course a well-run organization is the desire for not only us but for the countless others who we inspire.

Question is, how dedicated are we to our mission in relation to money and who will be the courageous ones taking the time to fulfill said mission.

I will offer to rework our mission statement to include what Pat has passionately offered: I fully intend to use every avenue of the law to obtain these [financial] records so help me God!', though WeAreChange.org is not about Pat, or money, or even raw emotion, but about something much greater and far more empowering than we even realize.

Work together and within to progress our Cause.

I do not want a coup...I just want to see the financial records that is afforded to me by law. Also we have never asked WAC NY for any monies at all, as a matter of fact I personally donated 300.00 in the beginning. We fund ourselves in Pennsylvania. Furthermore, how can Luke fire me from WAC Pennsylvania when we are a lawful incorporated entity in the State of Pennsylvania?

I fully intend to use every avenue of the law to obtain these records so help me God!

I hate bringing this up, but I have to and need to because it brings a lot of understanding to the drama that has been going on the last couple of weeks and hopefully this will stop it.

I just found out that Pat has been calling people couple weeks ago before all the drama in the group occurred asking people and I quote "If they wanted to join the coup to kick Luke out of WeAreCHANGE."

Apparently this has been planned way before 9/11/08 with conference calls with certain individuals from this group. The purpose of these secret conference calls was to gather negative information as well as to discourage people from helping our organization.

According to Luis, there is a group of 6 people who are planning to rise up more drama and negativity against me. In which makes a lot of sense to a lot of things and activities of the people involved in the coup (Heather, Pat, Dallas, Luis and 2 others).

Myself and others are wondering why Heather flipped out about records from 9/11/08, in which were clearly presented and explained in detail to the group along with our budget that was

projected for 2009 in October 2008. Therefore, why was this non issue brought up when all records for 9/11/08 were shown?

Also, I was wondering why Pat was getting information via Dallas, who was using Congressmen aligned with First Responders to go after John Feal. The latest e-mail sent to Congressman Peter King from Pat is on the bottom of this e-mail. Although he has a right to e-mail someone, his immature actions have hindered our strong coalition with 9/11 Heroes because of the fact that Pat is head of NEPA CHANGE. He sent the email to Congressman King ccing John Feal from his nepawearechange.org email.

Pat has ultimately destroyed our relationship with John Feal and the Feal Good Foundation by attacking John and the Feal Good Foundation. The Feal Good Foundation is working closely with Congressman Peter King to help pass the James Zadroga bill. Obviously the actions of stirring up negativity and drama are more important to Pat than having us work with First Responders to help pass the James Zadroga Bill.

Luis' nice picture of me is attached, in which was sent out to various members of this group. Luis was caught red-handed lying to the group twice last Saturday, 1st denying that he told 1st responders lies by saying I buy 100 dollars worth of weed everyday with WeAreCHANGE money and second by saying Harry told him this.

I talked to Harry and he told me he never said that. Harry also said that Luis took things out of context and was looking for any lynch pin to get bad information to use against me along with the others.

While Sabrina and I were giving a ride to Dallas from Philly, I mentioned Luis and others having negative energy, Dallas then told Luis which drove him to do what he did.

Pat and Luis I am sorry but there is no confidence in you and your actions especially representing the WeAreCHANGE name, you have shown a lack of leadership, respect and professionalism, you guys are no longer head of NEPA CHANGE and WeAreCHANGE Latino. Do you guys realize how your actions hurt this

movement and how unproductive they are. You spent all this time against me while ignoring the real problems we all face.

Dallas and Heather I hold no anger or resentment against you, but I do not trust you at all. I am sorry, but I have lost all faith and confidence in you from your actions. I hope we can all move on and take care of the larger problem at hand and put our petty disagreements aside.

Instead of festering all this hate and anger towards me, gathering information against me, slandering my name, making up destructive lies, disrupting meetings and hurting the cause to help sick and dying First Responders; why didn't anyone who had a problem with me pull me aside anytime before 9/11/08 or anytime after 9/11/08. We should talk one on one with our problems from now on and not in front of the meetings it not only discourages new people but it makes people put up their defenses up and not be rational.

If anyone has any problems with me in the future, please come to me directly and talk privately instead of festering all the hate, anger and trying to have a coup against me. I know I am not perfect, but I am willing to work on my communication skills to avoid these problems in the future. We will now go over each week how much donations we got and what money we spent.

As all of you know nothing can get done with negative energy. Positive energy is the key to our success and while people start fights over pennies, we're missing the larger picture (i.e. sick and dying First Responders, bankers stealing trillions from us, etc). There are a lot more important things we need to do at meetings. The only thing stopping us is us.

Peace and Respect,
Luke

Effective immediately I will no longer work with anyone in the truth movement. Again I will not entertain this man nor his motives. There is no control, no professionalism, nor any leadership that comes from within your groups to manage

individuals like this man.

Dear Congressman King,

I wish to call your attention that a 501 (c) 3 charity in your district which refuses to let the public examine their books. I have sent a letter to a Mr. John Feal of the Feal Good Foundation requesting the same, my cries fall upon deaf ears.

I seek your assistance in acquiring these records as Mr. Feal refuses to give them up and I feel that they treat their books as though they are a matter of national security. This sends up many "red flags". I wonder if anyone took the time out to inform them the rules of being a 501 (c) 3 in the State of New York.

Thank you for any assistance you may render. I remain...

Sincerely yours in

Good points, Luis.

Luis seems to be getting at something I have also been struggling to express properly throughout this disagreement.

I'm basically coming at this like a white-hat hacker (those of you with an IT background should be able to follow). What this means is that I look for ANY flaw or exploit in the way We Are Change works, and bring it to everyone's attention to see that it gets fixed. Some of you are reacting like I am a "black hat" hacker who is actually trying to bring down the group... which is better than nothing I suppose, it shows you are at least alert and perceptive to some degree.

See thats the point i was trying to make amir but it seems everyone see it when i say it people see it as an attack on Luke. Even though what dave chen says is also valid, but we need to get into this fight more aggressively MEANING lobbying perhaps how many groups do like ny911 truth did start a petition or a letter writing campaign but maybe im a little too aggressive with trying to be the change i want to see. If your not frustrated with the whole state of matters thats happening in this country and your not ready to NON VIOLENTLY take this to the next level and you cant question your self before you question others, hell you dont think i menatly beat my iown ass if what im doing is right. if me doing we are change latino is worth my time and effort, then i answer IF NOT ME WHO!! I question myself so if i dont question my leader what kind of an american am i. But your right we also need to fight the enemy to get our country back, and at this point we are going to tough up set our differences aside strethen opur legal defences and cover up any hole that can be exploited by the powers that be. And before you guys question me which i will take with respect and answer all your question about me with out dodging the question feel free and contact me. cause no matter what anybody say my mission in life is to make sure my family and friends are safe, unless you guys for get what me pat and dallas did when it came to paula gloria and why she never comes to ground zero anymore, and i would do it again and again especially after what they did to sabrina and you no i would protect each and every one of you, yes we need to come together but we need to be strutured to show our strength, in closing i want you guys to read the lyrics to this song by Kill Hannah beliver It took 8 years just to realize No one looks when we sav ooddbve

What you and Pat did was a clear violation of the code of conduct, therefore it was already broken from the get-go and there was an e-mail sent out about removing these flags and having both of you step down as head organizers because of your shenanigans.

seriously think its because your not from here, so you have a different mind set of an American that was born here. your sense of freedom is different cause you feel you can do or say whatever you want but damn people for speaking up. anyways do the right thing either take a vote or put our flags up. cause the longer you do this the worse this makes you look."

Are you really being serious with this statement above? Luke is more American and more patriotic than most of you (general public) born/raised Americans. Having the flags come down was discussed a long time ago, when you showed up to the meeting the last day the dell was opened. An e-mail was sent out days later, no one contested to it so then it was done. It should've been that same day.

"Especially everything I did beside going to ground zero, starting change nation when no one else would, working during 2006 and 2007 9/11 events when paula gloria was going after sabrina and disrespecting the name of your best friend it was Pat. FUCK I babysat the damn wearechange shopping cart (that I donated) during the 2007 halloween parade no one dared to try to steal it with me guarding it. so please dont say i never did shit for the group."

Everyone does their part. I've missed both events due to doing everything that no one else wanted to do because they wanted to see the show and still get credit for doing nothing. That also includes Ericka, Dianne & Jan. Do you see us complaining? No you don't cause shit needs to get done and the complaints need to see the door. Also, yes I appreciate what you did to PG, BUT it was more because I SPIT in her face. If someone SPAT in your face, would you still show up?

"Also not to mention I STILL HAVE THE PASSWORD TO UPDATE THE SITE IF I WAS SUCH AN EVIL PERSON THINK OF THE HELL THAT COULD HAVE HAPPENED AND I COULD HAVE BEEN ABLE TO USE THAT TO FID OUT THE DAMN PAYPAL PASSWORD TO GET THE RECORDS I HAVE BEEN LOOKING FOR BUT IM NOT GONNA STOOP TO YOUR LEVEL LUKE"

Actually you can't, but why would you even say that. If you stooped to his level you'd actually be moving up.

Is this what you people do when you're bored, sit there and conjure up drama out of no where like the federal reserve prints up money for Wall Street. This is pathetic and I pity you. We can't have not one week where no one starts something. What will it be next week? Arguing over where to eat? Or You don't like how Luke ties his sneakers? Or Whether to use regular, plus or premium gas for my car? C'mon grow up already.

What is the big deal asking for transparency in the group?

Luke, Are we not asking for it from our politicians? What made you think you were so untouchable from inquiry? Did you really think that in a group of people who are trying to take down corruption that our sight will not turn inward to perform checks and balances on ourselves? why cant you follow the rules you agreed to. Why could you not you have been honest with the group's finances? What do you have to hide? Why do you think you can disrespect people and it would not come back to you? Folks, You see how people have didderent opinions & feeling on what goes up or taken down from a website. I like many of you don't like censorship. Here many are angry with what's going on in our website & we should be. What's going to happen with the Newspaper? Is content & censorship going to be an issue too? John Paul said last week this will be a philosophical question or issue. Are there any similarities with the website & paper? The same folks will deciding both issues I feel. This could be taken as a precuser to what will happen to our paper. We need to work these issues out before we do the paper I feel.

The TV fakery thing a year & a half ago caused big problems I think we haven't learned from that. It's been hard to set up some structure or template th

at we can use that will be fair. Because it could become matter of someone's "strong" opinions on a particular issue and could get their way and not become a group decision. I tried to bring up with the fakery issue at that time that maybe we could put up a disclaimer if something touchy is being posted. We could say something like "Here's is a video or a article by one of our members that may offend some, so please understand that this is comming from one person only not neccesssaly reflects the opinions of We are Change as a whole" Something like that might work.&nb sp; Oh yes the the Conyer's "Mathew Shepard Bill" or as the so called "Hate Speech bill" as Alex Jones & Rev Pke likes to twist it, is opening up this morning in the "House" or "Senate" floor. I can understand Jones & the Rev Prick guy when they say "this will restrict free speech" It could well do it, I haven't been able to read the Bill myself to decide. If what they say is true then Conyers or whoever shouldn't tight that issue with the punishment of violent psysical harm or murders of gays, blacks, Jews, the disable & folks like that. It sounds like pork barreling, mix it all together and the people won't know the truth about this bill. I don't know why Jones doesn't have a gay organization explain their ve

lw & Alex bring up he's side. I feel after talking this out I think they could both side the other side. It's might too late now to do any line item vetos, it's going to the floor now. And feel the fundly X'tians are going to kill it while plenty of gays are going to be too busy trying on ring sizes for a June wedding. Well back to censorship. Like in our "code of conduct" we are asked to refrain from prejudice or hateful words or writings either at the meetings or I think anywhere WAC is represented on the street or website. We've pretty much all done a good job haven't we? God, I just covered a little on censorship .. The other issues I hope this Friday will start something good as we hope with all our meetings, let's not destroy the good work Luke & many other have done, but things can't go on the way it has the many patient contributing members have been feeling powerless for some time now. So lets share or return the power to our group membership. WAC will not imploded it's springtime, let's feel & know it will budding out. We might not know what it will look like but we should fear the morphing or change. The change will do us good. More later, Let's work for a good civil Friday meeting. Bye, George (sorry I can't spell check, et .. yet with this unstable system I got).

Yo the group already went through this shit when that tv fakery shit was flyin around. Basically you can think however u want but u cant be postin shit up on the website cuz u feel like it cuz the website represents a GROUP...to post your own shit for your own agenda and your own beliefs is mad selfish. You gotta take into consideration there are other people that make up this group that have their own beliefs but

the majority of us understands that WAC moves in unison. Yea we're our own person away from the group but if you're gonna be part of a fuckin GROUP then move like a GROUP. Like, its always the same shit with some of y'all and I got a feeling this fridays meeting is gonna be a nightmare like almost every other meeting I've attended which is one reason why I dont go anymore. Just arguing and bitchin about simple shit cuz people tryin to use WAC as a pl atform to get their own voice and their own face out there like being popular in the fuckin 9/11 truth movement is real fame. Just grow the fuck up and yo if you wanna post some shit about your own beliefs and want freedom then make your own website, its that simple. And if thats the most important thing to you, then why did u even join a group for in the first place?

The crux of the matter is this:

Gary is absolutely correct in stating that the problem is that the group has not been given enough input on the content standards. Is it really so hard to democratically agree on a one or two paragraph standards guideline, so that we can all decide what we'd like to represent the group to the world?

I am certainly not implying that the standard should be so loose as to tarnish the group's image or make us look crazy, but the fact is that WAC has spent a lot of time and effort trying to get professional artists to help our cause, and it's only logical to give at least "some" consideration to focusing on developing some internal talent.

If people within the group want to use the site as an avenue of self-expression, as long as what they are saying is relevant and coherent, we should at least be running it up the flagpole to see if it flies. We could review new content at meetings or via email, rather than having the decision in the hands of one person with no set guidelines.

Dallas

The last time I checked wac.org was a non-violent, open to everyone (ie
 not racist) organization trying to expose the power elite and giving
 information out to the public about the 9-11 cover-up. Personally I
 joined WAC bc i worked at the WTC and later at ground zero; kept my
 mouth shut for too many years and was grateful to meet a group of ppl
 who were willing to put their necks out on the line to expose the lies
 i witnessed firsthand... Now if WAC is shifting direction please inform
 me. If our new methods of "change" involved mass "think-ins" where we
 use our telepathic energy to defeat the NWO or we attempt to awaken
 the ppl by showing them speeches of President Obama played backwards
 then please no longer consider me a member of WAC...BUT if this is not

Its shit to override someone's will, its shit to represent wearechange and be intolerant to another member's point of view, to the point where content is deleted without permission. Then I delete your content, n you delete mine what then? When will it stop? IWearechange doesn't have time for people to grow up in order

to understand what freedom

expression, and the need to respect the groups consensus means. In

order to run an organization that allows the expression of the

individual self ,No members can delete content without another's

approval if you=2

Odisagree with a opinion, it is to be discussed with the

group, as the webs

ite belongs to the group, not any particular member

alone, anything else will resolve in endless conflict and the

termination of productivity.

Every member needs to express their individual talents accordingly,

whether music, radio, writing, etc. The only individual

who is utylsing

this option to express himself is the individual in discussion. The

purpose of change should not be to run around and yell at politicians

and creating conflict, but stabilize through artistic expression of our

members to utilize Change as a outlet to develop unlimited numbers of

future leaders to grow unto unlimited

capabilities,further the goals of

freedom, as opposed just one person from the group furthing a "career"

(looked upon as a career to those with ego issues who don't understand

how to be leaders). Only artistic expression will draw you an unlimited

number of supporters who come to you for healing and relaxati on, while

you convey a message, as opposed to yelling at people, while aliening

yourself toa small group of followers who seem to be flourishing. ...

As far as editing the website. This is something I do on a daily basis; there is a lot of BS put up there and Gary if I saw sthng about subliminal messages or new-age mind power tricks on how to defeat the NWO ...yah I delete that sht too! If your the person who posted The Obama slogan "Yes we can" video played backwards saying I am satan guess what I deleted that shit too....why? simple cuz its SHIT...the wearechange.org website is a place to put news that the mainstream media doesnt ...its not somewhere to further your rap career, or post shit about aliens subliminal messages in20coke or judas priest style reverse playbacks of Obamas slogan...it is def not a place to put anything racist up (usually towards I srael which Ive had to take down numerous times) or "Fuck the Police" type statements. Think about it we met 1000s of ppl a weekend here in NYC...lets say we reach a few of them they then go home visit our site and see sthng that offends them on it=2 Q...This would defeat our whole purpose! I think more discussion is necessary on this and have been meaning to bring this up for a while, hopefully we can resolve this at the meeting

For the record I re-tract my vote for Friday meetings...this was before the drama unfolded. If anything I rather ruin my weekend on Saturday then to do it on a Friday.

Though I've been mentioning bi-weekly meetings since 9/11/07. That sounds more negotiable.

We took a vote 2 Saturdays ago to have the meeting put back to Friday. The majority voted for Friday, including Sabrina. I looked for the Friday meeting announcement on the meetup but did not see it, so this Friday is a good time to re-instate the Friday meetings that the group voted for.

[We Are Change Conference Call](#)

Exhibit D8-02 [audio]

6 min - 12 min

Brent Jay tells the other WAC members about the Accused stealing money or not, that Craig Fitzgerald is a Freemason, and that WAC is a for-profit corporation. He becomes upset when one WAC member tells him that they will not be discussing anything that is not on the 6 point agenda.

[Exhibit D8-03](#) [audio]

23 min - 25 min

WAC member wants to know if the membership can ask questions of its own leadership, since he has questions for the Accused. The Accused replies that as long as the questions are not accusatory by provoking infighting, he is open to them. He also admits to "getting rid of chapters" who said things that "We Are Change is not known for."

[Exhibit D8-04](#) [audio]

2hr 24min - 2hr 25min

The Accused admits that We Are Change is more of an idea than as an organization.

[Exhibit D8-05](#) [audio]

2hr 37 min - 2hr 39min

The Accused admits that We Are Change has been infiltrated by undesirable persons "many, many times before." He then goes on to say that the WAC membership will never know who they are, who's paying them, or how they will either disrupt or subvert WAC. The Accused then claims his way of dealing with infiltration is to never let anyone divert from the mission of WAC, violate the Code of Conduct, or encourage anyone to do anything illegal; he sums this up with "Don't trust anybody."

2hr 42min - 2hr 43min

The Accused does not want people thinking WAC is infiltrated.]

Exhibit D10

I Luis Baez AKA Louie Bee 28 Resident of Brooklyn New York on August 6, 2012 hereby depose and state THAT:

We Are Change Started in 2006 as a youth arm of New York 9/11 Truth Group founded by the late Dan Wallace (whose firefighter father died in the towers) CHANGE is an acronym for Coalition for Halting the Agenda of the Nefarious Global Elite. Dan Wallace Died on January 1, 2007, of mysterious causes that has yet to this date been explained. Dan Wallace dated Sabrina Rivera and a month after his death Started dating Luke Rudkowski at the same time took control of the group.

On March 22, 2007 Luke released a statement on the Wearechange.org website which was removed in early 2009. It was a declaration of grievances and a demand for transparency from Les Jamieson regarding NY911Truth group finances that was signed by Luke and posted online. The open letter to Jamieson regarding his lack of response to the concerns expressed in the declaration signed by 42 people.

I joined the group in April of 2007 which just meant I started showing up and participating in the street actions which are basically passing out 9/11 truth flyers and DVD documentaries of 9/11 conspiracy. The issue of financial transparency started After the 9/11 anniversary event in October 2007 when many people were asking Luke about how much money was brought in and sent to the Feal Good Foundation to benefit the sick and dying first responders of 9/11. This issue at that time would be dropped but it started again after the 2008 9/11 events.

Between the years of 2008 and 2011 Pat, Dallas, and I were pushing for transparency of the finances derived from donations, t-shirt sales and ticket sales from 9/11 Anniversary events for 2007, 2008, and 2009 from Luke Rudkowski. We have been investigating We Are Change New York's practices with the finances since we had chapters deleted just for simply Asking Questions and Demanding Answers. (notably WAC Latino and WAC Pennsylvania) and we were accused of being Cointelpro.

The members of We Are Change New York have allowed Luke Rudkowski to become a dictator and allowed him to overrule democratically voted will of the members of We Are Change. This breaks the rule in the code of conduct that this is a leaderless movement.

The members allow this because of fear of being ostracized by the group and falsely accused of being cointelpro.

On October 2008 Pat and I were kicked out of Wearechange without a vote done via email deleting our links from the main site. From what we were able to calculate Luke Rudkowski routed all donations totaling over \$85,000 (according to the chip-in flash application gauge) to his PRIVATE BANK ACCOUNT just like Luke accused Les Jamison of NY911truth of doing. Luke Rudkowski has 100% control of donations that come to We are change. Luke Rudkowski has yet to give a real detailed financial report in two years which is supposed to be provided according to voted on bylaws.

"All expenditures will be presented to the group with statements presented on the first meeting of every month detailing expenses and money accrued."-http://www.wearechange.org/?page_id=33

Back in March 2009 Luke and 2 others were arrested for attempting to question Mayor Michael Bloomberg. Luke set up a chip in to pay for the legal costs for all three people. However, it quickly changes to just be the Luke Legal Defense fund. According to the chip in widget Luke was able to raise \$4,241.55 Yet he used a public defendant. The case was dropped in May 2009.

I was close friends with Luke Rudkowski from September 11 2008 until the summer of 2011. During this time Luke had never held a paying job though he was able to go out every weekend in NYC and spend well over \$100 a night treating members of WeAreChange, anytime I raised any questions about the finances of WAC I was quickly shut down. In the summer of 2011 Luke came to Europe and traveled extensively, still without a paying job. He informed me WAC Ireland had paid for his flight into the EU but the rest of his expenses are unaccounted for. In March 2009 I was arrested with Luke while attempting to question Mayor Bloomberg, a chip in was set up which \$4241.55 was raised (link can be seen on my myspace page <http://www.myspace.com/theylied2752died>). Charges were eventually dropped during a May 2009 court appearance. I was unable to appear in court this day and when I asked Luke about the funds for my defense I was given the run-around.

Luke was someone I considered as a best friend for a lengthy period and I initially refused to out him in such a way but it is quite evident that he is involved in some illegal dealings concerning WAC funds. Without a doubt I am convinced he is guilty of embezzling money not only from the defense fund but from 9/11 1st responders and a proper investigation will reveal this.

The Accused has deceived the We Are Change membership about the organization's legal status, and raised money on a false pretext.

Exhibit E2

The screenshot shows the homepage of the We Are Change website. At the top, there is a navigation bar with links: Home, Sovereignty Statement, Mission Statement, WACHYC Code of Conduct, Donate, Links, Register, Subscribe, Follow us, and Become a fan. Below the navigation bar is a large banner featuring a portrait of Mahatma Gandhi on the left and a city skyline on the right. The text on the banner reads: "Be the Change you wish to see in the world." -Gandhi, and "We Are CHANGE". Below the banner is a section titled "Sovereignty Statement" with a search bar. The statement text is as follows:

We, the sovereign individuals of **We Are Change NYC**, have resolved that we are, will be, and have always been an independent entity from any individual or individuals who would seek to undemocratically alter or abolish the New York City chapter or its mission statement and code of conduct, or make any unilateral decisions in the name of **We Are Change NYC** (including but not limited to Luke Rudkowski, We Are Change Inc., WeAreChange.org). We remain a sovereign and autonomous body from the decision making process of any other chapter.

We hold that the Declaration of Independence, The United States Constitution, the Bill of Rights, and local and individual sovereignty are our guiding principles as laid out in the WAC mission statement. We hold that all financial decisions must be made democratically by the group and remain totally transparent.

And for the support of this Declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our Lives, our Fortunes, and our sacred Honor.

On the right side of the page, there is a fundraising progress bar for "911 First Responders #2". The progress bar shows a goal of \$4,000 and a current amount raised of \$160, which is 4% of the goal. It also indicates that 3 contributors have ended and that the user has raised \$160. There is a "ChipIn!" button and a note that "This event has ended".

Exhibit G2

The screenshot shows a Facebook post by **BRi Rivera** with a profile picture of a woman. The post text reads: "YO LUKE RUDKOWSKI YOU PIECE OF SHIT ; GIVE ME DAN'S BELONGINGS BACK ; STOP HOLDINF THEM HOSTAGE". Below the post text are the options "53 minutes ago", "Comment", and "Unlike". Below the post are several comments:

- A comment from **You and Rebecca Satkin** that says "like this."
- A comment from **Joshua Smith** that says "WTF?!?" and "49 minutes ago".
- A comment from **BRi Rivera** that says "HE HAS MY PERSONAL BELONGINGS AS WELL AS DAN WALLACE'S AND REFUSES TO GIVE THEM BACK" and "48 minutes ago".
- A comment from **Paul Canniff** that says "I'm in a similar situation with my friend Kelly, I told him he wasn't welcome in my apartment unless he gave back my rare game that he swiped from me. It's such a rare game that I'd never be able to replace it. He has yet to call me back, so I'm probably not friends with him anymore." and "24 minutes ago".
- A comment from **BRi Rivera** that says "LUKE RUDKOWSKI HAS EXPLOITED DAN WALLACE TO FURTHER HIS AGENDA OF BEING FAMOUS AND USE MY VULNERABILITY TO HIS ADVANTAGE...I REFUSE TO LET HIM RUIN WE ARE CHANGE...DAN WALLACE IS THE ORIGINAL FOUNDER NOT LUKE RUDKOWSKI" and "12 minutes ago".
