

## **Committee of Safety Common Law Court**

[note: corrections made as of July 6, 2012/]

In Case number **120201**

Dated June 22, 2012

Accuser:

**Deborah K. Swan**

Accuses:

**Rick Light, aka "Minuteman"**

[The Indictment was sent to both the Accuser and the Accused on the above date. The Accused has neither replied nor agreed to answer the Indictment before a Jury at Trial. The following is the wording in the Indictment sent to the parties. Any additions, for the sake of clarity, will be within [brackets]. Understand that the evidence that was submitted and accepted by the Grand Jury is not indicative of the guilt of the Accused. It does, however, raise the possibility (probable cause) that the charges made are true. Only the Accused can defend against the accusations with evidence and testimony that he can provide to the Court to dispute that which has been provided by the Accuser.]

The Common Law Court has no authority to require you to appear. The Accuser came forth voluntarily. If you do not come forth voluntarily, and refuse to answer to the charges contained in the Indictment, there is nothing that the Court can do to compel you to do otherwise.

The Court, however, will post on its webpage, the Unanswered Indictment, for all who wish, to see and to comment. The wording of the Indictment may be changed to clarify certain portions, since some Exhibits may not be made available when an Indictment goes unanswered. The Court hesitates to promulgate certain activities when those activities are the based on the charges.

You have ten days (weekends and holidays excluded) to indicate that you intend to voluntarily answer the charges contained in the Indictment. If the Court has not heard from you in that time, the Unanswered Indictment will be posted. If you reconsider, at a later date, the Unanswered Indictment may be removed and trial schedule established.

If you choose to answer the Indictment, you should go to the Committee of Safety - Common Law Court Forum, at <http://www.committee.org/LibertyTree/index.php>, and register. Once you have registered, advise me of your username at the Forum so that I can provide access for you to where the exhibits, Complaint, and all other information you might desire, will be available. We must deal with access in this manner to assure your privacy. Only those authorized by the Court will be given access to that portion of the Forum.

Once you have indicated that you will answer to the charges, within the ten days indicated above, the Court will schedule the trial to begin no less than 20 days after receipt of your notice to the Court.

You will be allowed to call any witnesses that you wish, and you may submit any evidence that you wish. The decision of what may be submitted will be left to the Jury, not to the Court. The Jury's determination will be whether they wish to consider testimony or evidence submitted at trial during their deliberations.

The Accuser will also have the right to provide additional evidence and to call witnesses to testify. The same determination, by the Jury, will apply to the Accuser's evidence and witness testimony.

If a witness for either party refuses to answer questions in cross-examination, the Jury will determine whether to consider the testimony as prejudicial, by refusal to answer questions put to the witness. The other party will conduct the cross-examination, and, the Jury will ask questions of witnesses, if they choose to do so.

There is no limit to the amount of evidence, nor to the number of witnesses that may be called in any proceeding. There is no time limit on the duration of the trial.

Both you and the Accuser will be allowed to appoint any one person to serve on the trial (petit) jury, so long as that person is willing to take the oath that is taken by all jurors. This is to assure that both parties will have insight into the deliberations of the Jury, rather than have doubts as to what is transpiring during deliberations.

The Trial will be held at the Forum, in a "Courtroom" which has limited access. Witnesses will have to register at the Forum to testify, and will only be allowed access to the Courtroom during their testimony. Only parties to the action and specified Court members will have access, during the trial. The Jurors and most Court officials will have read only access and may not participate in any discussions during the trial.

There will be no oral testimony, unless it is submitted in the form of an MP3 audio file. All testimony shall be in writing, within the Forum, and under the appropriate Topic.

Upon completion of the Trial, a record will be made of the provable facts of the case. Unsupported allegations will be removed, so that no erroneous information can be construed from that record. The Trial record will then be posted, along with the Verdict, so that any who choose to review the Court record can do so, with a full understanding of the information provided to the Jury, and used by them to come to their verdict. This will include any sustainable counter-charges.

You will also have the right to file any counter-charges, without need for review by the Grand Jury, should you decide to answer the Indictment, so long as the charges are involving the Accuser.

This procedure is established to provide for the highest attainable justice that the Forum in which it is heard will allow, while still protecting the privacy of both parties, and others involved as witnesses or members of the Court.

If you are prepared to answer to this Indictment, or if you have any questions, feel free to contact me at [Clerk of the Court](#).

/s/ Clerk of the Court

Sent via email, read receipt, this 22nd day of June, 2012.

I wanted to take some time and thank Rick Light, Robin, Lisa Mize, Nancy Genovese, James, and Cecil for traveling the distance and being here to support Charles, the family, and myself. Rick and Robin have continuously shown up for us here and I will be forever grateful. I am very happy to have gotten to meet these people and be able to have them here with us. I do not however, forget the ones who could not make it and continue to show their support, you are also still in my heart and mind. I do feel like I need to mention something that happened during this time. I have not been on here as much as I could, I just have a lot going on right now. I am not influenced by anyone, I know the truth and believe with this attorney it will definitely come out. Due to some actions of Deborah Swan, ...we could have lost this attorney and maybe all hope for Charles to beat this case. She constantly called the attorney, even though she has no bearing on this case at all. She even went so far as to have someone threaten to harm the attorney if he didn't recuse himself from being Charles's attorney. She wanted to represent Charles. When I told Charles of this he was dumbfounded. He absolutely did not know of this or want this. This attorney is a bull dog and very used to threats, but if he wasn't, Charles would have no attorney right now. I know we all need to get along because we are all here for the same reason but that is NOT the way we are going to get things done AT ALL. We are not going to their level to beat this case. I do not understand the accusations against Rick, Nancy, and others. Rick has repeatedly shown up here for us. No one has tried to get information on this case or anything else in my eyes that would prove they are trying to take Charles down. I appreciate everyone that has helped in this case, including some of the things Deborah has done. I do not appreciate the actions she has taken and I would ask her to take the thank you for what she has done and focus on getting herself or her life back together, as she has stated helping Charles has ruined her life. For writing this I'm sure I will be on her chopping block but this was something I, Charles, and the family were upset about and I feel like the people who have been here should know. We are still working and pray this will be over soon. Thanks again to everyone.

Nancy Genovese Hoch knows Deb is a joke, but he was waiting for her to show up at court, and she didnt. Hoch would have handled Deb then. Perhaps, since the Dyers and J4, told Deb not to show up at the trial, and Deb threatening to "shot Hoch" .... grounds for arrest is a good reason to not show up in court.

Harrassment? What in the world are you trying to create? I would hardly call me sending you a email harrassment. But you go right aqhead and do what you think you need to do. You are the liar and the one who makes threats. No Rick, you are not going to try and twist this around. Your story is the one who doesnt match. And let me correct you, Charles Dyer doesnt know you so stop acting like your his friend. I have heard from so many people all the lies that you, Christina, Maverick and Davids have said about me. So this is hardly paranoia. This is from yalls mouths. Why is it alright for you to call people up and spread lies but I am not allowed to defend myself? I was given a name and number from a certain individual who knows you very well, to contact a man by the name Greg Cox back in February. Does that ring a bell? I never did make any calls, but you need to step back and look at with whom you associate with. You need to Play Ball the Right Way! FRAUD!

All of you continue to make up lies and slander me to people? I wonder what the reason could be? Hmmmmm. Well, the truth will surface. That is all I have to say. And if each of you think I should just sit back and not take any steps to find out WTF is wrong with each of you, then you are a fool. Why dont you grow a back bone and call me and lets have ourselves a talk? Actions are what counts. Talk doesnt mean shit! When these peole all of you have discredited me and lied to about me, finally get the chance to meet me in person, they then realize that you all are full of shit. Your actions are not the way a true Patriot acts. All of you are twisted.

And if each of you think I should just sit back and not take any steps to find out WTF is wrong with each of you, then you are a fool. Why dont you grow a back bone and call me and lets have ourselves a talk? Actions are what counts. Talk doesnt mean shit! When these people all of you have discredited me and lied to about me, finally get the chance to meet me in person, they then realize that you all are full of shit. Your actions are not the way a true Patriot acts. All of you are twisted.

**Rick Light June 10 at 7:42pm Report**

**Deborah Swan June 10 at 8:19pm**

Harrasment? What in the world are you trying to create? I would harldy call me sending you a email harrasment. But you go right aqhead and do what you think you need to do. You are the liar and the one who makes threats. No Rick, you are not going to try and twist this around. Your story is the one who doesnt match. Hi Debbie, I just got home and got you message on my answering machine so here is the information you asked for.

Yes, I was at the FTX at Rick Light's place in January of 2010 and I saw Rick Light give your daughter an old shotgun. Then several months latter you phoned me and said the auctioneer who sold off a lot of y'all's extra stuff said that the barrel length of that shotgun was less than the legal minimum length of 18." So I called the auctioneer and he told me that a man bought it at the auction then took it home and measured the barrel length then returned it to him for a refund since it was less than 18" long. The auctioneer said that he also measured the barrel and it was less than 18." So I advised him to destroy it so he would not be in violation of the law and I told you not to let you daughter take the shotgun back in case it was a set up.

Latter in the summer of 2010 shortly after you had attended our FTX by Dublin I was talking on the phone to Rick Light. Rick Light said something I think like he had heard that you had got in trouble for having a illegal firearm. I told him that you had not been in trouble for anything. Rick acted like he knew somehow that you were going to be getting introuble.

Also i was contacted by a man who had attended a meeting. This man was asking around for your home address. When my friend asked him why he wanted your address he said that Rick Light wanted it cause he was reall pissed off at you and wanted to hurt you..I told him not to give out your address cause your a real nice lady and a true Patriot..

The Accused gave the Accuser's minor (at the time) daughter an "illegal" with the intention of having criminal Counts brought on the Accuser.

## Exhibit A26

AFFIDAVIT OF TRUTH

My name is Elizabeth and Deborah Swan is my mother. My mom has had a lot of problems with the people out in Rock Springs, mainly Minuteman. My mom tried really hard and her group was having campouts at different places all over Texas. One of the last campouts my mom had was when we went out to Rock Springs with Minuteman and his people. It was a strange campout. The last day before we left I was given a gift from Minuteman. It was a 410 shotgun, and it was specially painted with different leaves all over it. I remember the paint job was very nice and it looked like no one had ever even shot it before. Minuteman said it was a gift to me because he thought I was a very special girl and he wanted me to take it and keep it forever. He told me it was painted especially for me. Then as we were packing up the car he gave me a whole box of 410 ammunition to go with it.

My mom said she felt funny about accepting it but she did not want to seem rude so she allowed me to take it. On the way home my mom called a friend and had the serial numbers ran to see if it was ever stolen. Everything seemed to check out good. When we got back home we took it to the storage unit and it stayed with all our camping gear until we decided to have a auction..

My mom got real worried a few months later cause Minuteman was starting a rumor that my mom had been in trouble for illegal weapons ,and then Minuteman and his people sent Adam Kokesh an email saying my mom has a Texas criminal indictment about to go into effect. They told Adam to stop dating my mom. So this is when my mom was worried and she felt like we needed to sell some stuff.

In August we had a big estate sale and the shotgun was auctioned too. After the auction was over, my mom got a call from the man who did the auction. He told my mom to come up and come get one of her items. He said there is a problem and she needs to come get it right then.

That's when we found out the shotgun was not legal and was intentionally made illegal and not safe to have in our possession.

The barrel was cut down 2 inches. My mom had her friend Mike take care of the situation.

### Transcription of a WRAM Member discussing Rick Light and spreading false allegations

Templar: to ah see what they have going on and try not to offend anybody again

Deborah -----

Templar after I went up there I got band not long after that so

Deborah -----

Templar Well they band me from the their web site because I said the wrong things

Deborah -----

Templar kind of like Lewis got banned again

Deborah -----

Templar ya know I think what I did was I challenged Rick, um on something he said and he got all hurt about it and they decided to band me which is easier and they accused me of being affiliated with you and all this crazy talk ...

Deborah -----

Templar they said that I was involved with you doing fraudulent felon type thing, and I looked at them and told them that was other bullshit and I had never even talked to you and that's what really got me going, I said Well now I need to have a talk to her and see what the cause of all this is

Deborah -----

Templar they accused me, they they have been telling me for a couple about three months to stay away from you, you're a trouble maker you have stolen money, you were a felon, I don't know it just went on and on and on and on and on it's like the more stuff they talked the more I wanted to talk with you

Deborah -----

Templar you know egotistic ah certain people are and I see how, I can see how they are they believe everything that come out of other people mouth, and in my circle we (INAUDIBLE) family out there

Deborah -----

Templar they were saying that we were ah committing fraud and I was involved with you guys and involved with you and ya know they threw out ah ah Johnny Cochran which know who they are referring too. Another person let me tell you how this started originally.

Deborah -----

Templar I went out to Ricks place before the WRAM existed, before all these web sites existed, more than a year ago. And I took my, I went out there and met them and he seemed okay, for the most part. Then I brought my militia out and we went out there and we tried to train, and then he started acting really strange ah he decided he wanted to play war games with my guys with a rifle, now we didn't know if it was loaded or not but my guys really wanted to shoot rick back because they don't like having a loaded gun pointed at them, well not a loaded gun a like loaded weapon loaded gun pointed them.

Deborah -----

Templar THAT THAT THA REALLY Pissed THEM OFF. All my guys are former military, and it really got them going. So to keep them from ah probably ah doing bad things to them, I decided it was time to leave. So we left. And uh, because of those war games my guys always had the thought that ah he was pointing live weapon to them, so every one of us had ammo in our riddle, we weren't there to screw around, we were armed, and we came out there to train and he kind of mis

represented his training area to us we brought ropers we brought all kinds of stuff. And uhhhh, ya know I've been in the militia a long time and I've been in the movement over the years, but mainly it's the love wolf. After that little incident we really didn't have a group anymore, and I came down here and became part of it here. And ya know Rick and I were talking and online we were talking and that's how we got together and the same way I met Lewis was I believe on the RBN web site? Is that the right name of it?

Mike inaudible

Templar and ya that one ya. Right. And um that's how we got together. But ya know and then I heard, then rick told me that same story, that uh, that uh, that he did to us, I heard him specifically telling a group of people he did to Johnny Cochran's group. The exact same deal

And that same deal; now he doesn't want to go back out there either. And then I met some of them other people at one of their little meet up things and right after that I got banned because I ah talked back to rick and I disagreed with his sannoptionous.

Deborah -----

Templar ya, Christina's house

Deborah -----

Templar and I also disagreed with the way they were doing a few things and I offered my own instructions, and rick didn't like that too much, and uh then I get banned, and then I got royally pissed off at them,

Mike and then he got pissed off at me because I asked him who this land owner was who owns 11000 acres because this is passing on private property with a rifle or hand gun through a farm is a felony. And he goes man he cussed me out one time and wouldn't tell me who the lands owner was.

Templar he told me who it was a long time ago but

Mike his ranch his sons both side of spring's I tried to verify it and he got mad and cussed me out

Deborah -----

Mike he's a real fat guy?

Templar he's a real idiot

Deborah -----

Mike ya he came to train with us one time at camp murphy and he told us he was a marine sniper , inaudible..... Kevin aka Maverick if you'r going ever come out to train with us again then you need to apologize for impersonating to be a navy seal. He said he wasn't going tos apologize and he cussed me out and hung up on me.

Deborah -----

Mike Last week when Rick was talking to me he said that Kevin Eshtencamper had all his money was stolen out of his bank account, and said it was from someone in Spring.

Deborah -----

Templar I don't know how that works because I know that in Texas a CHL you can't have any of those and still keep your license.

Deborah -----

Templar Rick views you and he views Lewis as a threat for whatever he is doing out there.

Deborah -----

Templar Like I told Lewis uh, last night or the night before ah, a lot of things that Kevin (Maverick) has told these people, about things there and everything , is 100 percent wrong and incorrect. I think I said that every point I think I said something is about a hundred people he just killed.

Deborah -----

Mike well we had a talk about how to service chemical warfare, and he wasn't saying anything right,

Deborah -----

Templar everything he told these people was wrong or backwards, and I was sitting there listening to this and I occasionally I would input a topic but I didn't want to get banned again so I made sure it was okay first with Christina Hannan and then I told then ah told what they really should do and then he turned around and ,

Charles aint doing to bad,,,,, they had him basicly pinned down not once but twice and still slipped their noose!! Even the FBI is impressed!! I just hope he see's this thread and calls me if he is ready to give up!! All he has to do is call me and i can go get him and no LEOs or Fed's will interfere!! That isnt from the OK headquarters either,, this deal was done with the Texas division and the agent had to go through a lot with me today but did not let me down when the Texas state patrol tried to byjack me from meeting with them The FBI,, i was not going to help them anymore on this case because of a drop in communication between the Feds and LEO's costing me some precious time looking for Charles,, being pulled over and run through the micro scope dont really hurt ya but sure takes up some time to get everything ironed out!!!!

You can also tell that they are having the jurisdiction arguement's going on as well! The Texas State Police Officer, in the pull over today on I 10 in San Antonio was polite put did illegally search my vehicle today with no warrant or probable cause,, he could see just fine through the windows to see that nothing was illegal in my vehicle but told me because i was involved with those militia group's well i was most likely carring a weapon of some kind even after i told him i was clean and the vehicle was as well!! Their frisk on me reveled nothing illegal either so no probable cause should apply in this case and yes i informed him that i will be filing a complaint based on that charge and i beleive that the militia statement is call profiling as well if not mistaking!!

At first they were going to load me up and take me to the FBI headquarter's till i reminded them that i have been honest with them all along and have done all i can to help and this is how i am to be treated and that humans all have patients that bend or run out and i was on my last straw!! I informed the FBI agent on the scene on I 10 that i wanted those effin handcuffs off and i will drive on mv own to headouaters or

Darren: Hello

Darren morning

Darren uh ok

Darren ya I know. It was here too they showed up here, and had the block surrounded

Darren what's that?

Darren: ahh probably about 6 ½ hrs. after they released you.

-----Darren  
I was expecting them for being here as we. As soon as they talked to you that they'd be showing up here as well. Umm The problem is, and they were very , they were very courteous, they called Amelia she's out of town, they called Amelia and told her they were out front of the, and asked if I would come out and speak with them.. So I went outside and there were only 2. One was with the Joint Terrorist task Force, detective and the other was a FBI.

-----  
Darren and they didn't tell me at the time but they have cursers blocked off and off the block everywhere. I found out from the neighbor later so I called the FBI agent back cause he left his number with me and I said listen man I I I thank you for not showing up with a Task Squad but you could of told me house you had the neighborhood shut off, cause not the neighbors are pissed off.,

-----Darren  
ya

-----Darren  
well I can understand to secure the perimeter, because if I was in charge of that operation I would do the same thing, secure the perimeter before I made contact but he didn't tell me at the time and its no big deal I understand their procedure, but it would have been nice to have a head up so when the neighbors calls started coming in I'd

-----  
**Darren** How did they get in the house?

**Darren:** no I talked to his mom and I talked to Jan and Amy and they told me what happened they stopped them down the road and made them say they had a flat tire to get people to come out

-----  
**Darren** but they still can't come in without a warrant I don't understand how they got in

-----  
**Darren:** well they had to give permission to come in then

-----  
**Darren** they told Amelia that they took out numbers out of your cell phone how they did that because they can't do that without a warrant either.

-----  
**Darren** oh ok

Darren ya it's alright it's no problem I, were not angry at you I was just wondering how they got in and how they got in your cell phone without a warrant

---

**Darren** O my God!

---

**Darren:** the FBI told me that it hasn't been released yet but they're about to do a national media blitz, they are going to put his face on all major news channels and their gonna put it out there that he is armed and dangerous and then there gonna...

---

**Darren** well that's why we gotta we, we, I I have set up with an attorney to get a safe return, ummm

---

**Darren** no I understand and I've been looking at the US Observer thing and its so far they look like they can help , but the first thing I mean let's put the cart before the horse, I can't get , I ve got contact with media, uhh, um national media, who are some of the producers for the MTV

---

**Darren** Gene Pool?

---

**Darren** oh Ken Western

---

**Darren:** now it's a flight to avoid prosecution from the state of Oklahoma, now hopefully he is hiding out in the woods somewhere in Oklahoma that way there is not FEDERAL charge

---

**Darren** well here is the problem Debby,

---

**Darren** Debby I understand, hold on slow down now, I understand his concern, and he has every right to be concerned cause he has been pushed for two years, however there is no way this is going to get better as long as he is on the run

---

**Darren** right, but, but the problem is there is no avenue in our laws constitutionally or otherwise other than a court.

---

**Darren** even the constitution says he has to go to trial

---

**Darren:** I understand, I understand that's why I still want the governor to appoint us a special investigator to oversee the judicial process and to make sure his rights are not squashed, here is what I am trying to do just so you know I want the one trial to be over seen so he has a chance to present his defense because I do believe if he gets a fair trial he will be acquitted

---

**Darren** okay the only way a governor can do this is to appoint a special prosecutor, excuse me a special investigator

---

**Darren** now what I'm gonna try to do is I'm going to be calling her office again Monday morning un with the media the media to document as much of this as possible and I can use that as pressure on the governor's office by saying listen, this is going to the media, you have the opportunity to resolve this peaceful this man is a resident of your state and if you refuse, this will go out in the news that you refused to get involved by solving this problem

---

**Darren** Debby your preaching to the choir. I know this.

---

**Darren** Timothy McVeigh was never militia, that's a bunch of bull shit he would never, look that's a whole different story he has nothing to do with Charles.

---

**Darren** ok, alright I want you to slow down your getting very upset, ok alright if, when this national media blitz comes out, it will, every uniform cop in the US will be gunning him down. Now, they'll be completely justified by the eyes of the public in law because he will be listed as armed and dangerous and they will pound his reputation down into dust

---

**Darren** well not yet but they're about too, and as long as he is on the run he is in serious danger

---

**Darren** well holds off on that right now because Amy, I told her how to contact Hammond and make him return the money and any that his lawyer is keeping he has to provide her an itemized dollar breakdown. If he refuses or even hesitates she understands that she is supposed to tell him that she will contact the Oklahoma bar association and file an immediate complaint against him for theft

---

**Darren** Well I don't know I just talked to her today.

**Darren** so umm and they're getting overwhelmed, while I was on the phone, check this shit out, while I was on the phone with his mom, she said hold on it was a toll free number let me see who this is, so I stood by and she came back on, and this is the second time in two days, someone has been calling her and trying to get money out of her saying that if you'll give me this much here I will uh I will make sure Charles will get clear of all charges. There trying to extract money from this fucking family when they have already been through the ringer for two tears. It's unbelievable there are fucking vultures coming out of the woodworks trying to make money on this shit.

---

**Darren** Well ... um... Right now right now first thing is his safe return we all know what's gonna happen so we have to get him in before this media blitz

---

**Darren** well that's his call to make I just wanted to pass this information on that there are options in this, and this, it's getting worse by the day.

---

**Darren** don't don't don't pass this information around cause that's, o my god, (heavy sigh)  
Alright

---

**Darren** I I I understand I've got one attorney in Kansas and one here in Florida that will negotiate his safe return and ensure that that happens.

---

**Darren** And and then on top of that I've got calls into the Governor I really I really think we can put pressure on the governor through the media

**Darren** But if we wait, it=f we wait until this media blitz gets out

---

**Darren** Did you see what Hate trackers did to you?

**Darren** I don't give a shit I was just wondering if you knew about it.

---

**Darren** (laughing)

**Darren** I know they listen Hate tracker's they don't, they don't have, their Intel comes from WRAM

**Darren** ya I don't I don't I haven't been on WRAM I don't go on there, I haven't clicked on it to see what their even writing about this cause I know it won't be very .....

**Darren** Well I think it's unethical for western or Pool to run around telling their personal opinion, I mean all they are doing is tainting the jury pool

**Darren** Wait, a minute wait a minute, uh which state did you call him from

**Darren** no no you did not record him

---

**Darren** you did not

**Darren** Florida's statue privacy of communications Statue 930 clearly states that it is a felony to audio records someone without their consent.

---

**Darren** UN law enforcement is allowed an investigation of a potential felony crime

**Darren** yes

---

**Darren** well if they think you are harboring a fugitive then they can investigate and record you, now if your recording from Oklahoma then that's okay but you did not record him because Florida's statues.

**Darren** are are you listening to me at all?

---

**Darren** if you're in jail then you can't do a damn thing for Charles

**Darren** most the states that are around the United States are what is called a one party state. Which means that one person is aware its be recorded but Florida is not. It's a two party state and it is a third degree felony

---

**Darren** okay uh do, do, do you have any attorney friends at all?

**Darren** no I'm just talking about someone who can talk to you, I can't give you legal advice but I'm not an attorney I work with them

---

**Darren,** I work with them but I really really would hope that about how deep you are in this that you would have some professional legal advise

**Darren** as long as you were in Texas that's fine, ya if you're recording from Texas than this fine, you have to cover the law still

**Darren** it doesn't matter right now at this point , you and I and anybody else, becomes a flight, anything that they can arrest us for or puts pressure on us

**Darren** it doesn't matter if they're ethical, they got a job to do and their gonna by do it. We can have two things, safe return and a fair trial.

**Darren** Well, well if that's even a possibility, if its eve an possibility but at this point its snowballing and it's going to get harder and harder so there's that that (inaudible),

---

**Darren** he is helping them, he's helping them by being on the run.

---

**Darren** he's giving them everything they need to to to to destroy the patriot movement

**Darren** Debby that is very kind of you but that will not solve this problem alone

**Darren** you need a good solid plan making smart decisions

**Darren** well they don't have a choice in that if he gets his money

**Darren** you you know he was granted his change of venue right

---

**Darren** yes he was you can ask his mother.

**Darren** he was given, on Saturday he was granted his change of venue, now granted it's not that far away but it's out of Stevens County.

---

**Darren** well his mother has the paperwork

**Darren** yes she has the court order of the extension and she has the change of venue

---

**Darren** you you have to understand that that is not how; constitutionally that's not how the system works

**Darren** he has a right to face his accusers, but he has to face them.

---

**Darren** that's right, you're right Hammond absolutely must be fired.

---

**Darren** there was a comedian years ago who said ya know you have to keep this in mind about people, he said somewhere on this planet is the worst doctor in the world, that's true for all professions-----

---

**Darren** well this has to go, it has to go in sequence, okay, and right now, if Charles, he's gonna have to sit in jail until trial, he's gonna have too, turn himself in , then we can, we can get this shit out of Duncan Oklahoma. Well it's already out of Duncan, it's been moved to some place called Lawton.

---

**Darren** please don't say that cause if he hears that he is going to believe that n (inaudible)

---

**Darren** if your saying things then he's going to hear that

---

**Darren** that means who ever you're talking too is going to spread through the network (inaudible) going to be killed.

---

**Darren** so you tell me how they are going to (inaudible) the media well have an attorney whose involved too that has negotiated a safe return then he can turn himself in and then when he comes to turn himself in his attorney will have control of him. How the hell are they going to kill him and justify that in the media?

---

**Darren** I I know, I've seen all these things I'm aware of that.

---

**Darren** alright, alright, so in a perfect world that you envision, this is the way I understand it is please tell me where I am wrong, Charles stays on the run and he stays under the radar and somehow magically his charges go away

---

**Darren** do you think that's possible anywhere? I have been working in the legal Justice system for 20 yrs. and I have never heard of anything like that ever existing.

---

**Darren** that's why someone outside of Duncan needs to oversee this!

---

**Darren** You're... You seem to have the advantage to see that if he goes to trial again that the results are going to be exactly the same!

---

**Darren** Right, but our constitution sets up a court system, now when the courts operate within the constitutional guidelines and I do say if because it was obvious that in Duncan Oklahoma at the last trial they did not, but if the courts, if we can force them, and we can do this through the media, and get a special investigator through the governor's office or the state attorney's office they won't have any ploys, but to go through the trial as it should be done. And then I believe he will be acquitted, and his evidence will clear him

---

**Darren** but until then, that is the only situation that can work out in his favor, again

---

**Darren** the governor, what a governor does, she's not the above all end all brilliant mind of the state; she is just the most charismatic person in a woman's position. She is going to appoint someone who is a specialist and then advise her on what to do.

---

**Darren** the only way the "we" as "We the people can do that is through the media, get the media to expose the corruption in Duncan County.

---

**Darren** but you can't do it with local media cause they're all in bed together, it's a little small good old boy network and nobody wants to step on anybody's toes, and yam know they all have to go to the same little Poe dunk reassuring and play golf on the same little shitty gold courses ya know they're all in bed together.

---

**Darren** it's gotta come from outside the county.

---

**Darren:** none of this is going to matter at all if this national media blitz goes out and his face is plastered everywhere, and then they put that combat marine and armed and dangerous militia everywhere

---

**Darren:** What I am waiting on is for Charles safe return, he has to be back

---

**Darren** No, I'm doing everything I can do to get everything set up but the first thing is first and that is saving his life.

---

**Darren** I will walk side by side with him.

---

**Darren** I will walk in with him with a MTV film crew.

---

**Darren:** alright then I will be in touch with you later today.

---

**Darren** Okay I've got the call in his name is Vincent Ventuaella and he is in Oklahoma right now

---

**Darren** I just called him last night and he is just getting word of this and he is deciding well first he is going to get some video footage shot of the governor's mansion and the state capitol and then he is going to call me and I'm going to call Jan and ask if she's going to want to speak with and make a statement to them She's met him before, He's been to her house so she knows who he is.

---

**Darren:** There is no such thing as a Timothy McVeigh Militia

---

**Darren** alright, okay, I'll give you a call later today and Vince said he would call me this morning, so as soon as I hear from him I will get back with you.

---

**Darren** I know that and I talked to the manhunt last night and I told the FBI Agent, see the agent that were here knew nothing about his case. They didn't even know about the fire.

---

**Darren** ya know Deb it wouldn't change their actions. They're given orders in a, let me map this out, It would they're given orders, an order comes across **our desk** that says national manhunt naturally **we** have have to follow up with every lead, **we don't know anything** about his case whatsoever

---

**Darren** I'm sorry?

---

**Darren:** We meaning **we** don't know anything as in his and his office, the **FBI office** here locally.

---

Told **me** that they knew nothing about it

---

**Darren:** **we** just know that there's a national manhunt for this certain individual

---

**Darren** Well Well I don't know if they have been up too see Nancy or not but, if they, they have already been here, they have been to you, and they have been to Laredo,

**Darren** Let me ask you this, if you were in charge of this investigation,

Darren let me answer my question. Everybody that you can establish listen let me tell you everyone thinks the internet is secure and it's not

**Darren** the first time the agents were here they told me that they have people that do nothing all day except scour the internet, they know everything that you've written I've written

**Darren** to answer your question you asked why they would go see Nancy because they know that Charles and Nancy have had correspondence in the past

**Darren** what do you mean she works for them?

**Darren** ok I thought you meant that she was an actual paid agent but I've never spoken to her

**Darren** I didn't know I mean I've heard her name but and I've never spoken to her

**Darren** alright, we've never met her before but I and Amelia are very aware of some other people that are like that.

**Darren** alright well let me let me speak with Vin this morning, like I said he is on Oklahoma time so it's only 7; 45 there

**Darren** but hell uh I think, ah what time does Jan usually get up I don't want to call her too early I know she is going through a lot of stress.

**Darren** I I know she told me

**Darren** What's that?

**Darren** I I'll do what I can I don't have any money of my own and I have not worked steady since last October.

**Darren** I don't even have that option right now, I've got my jeep parked over on the side of my house because the freakin repo people are after it

**Darren** well that's where the other car is

**Darren** Ya I'm I I know how that works

This court is a illegitimate attempt to slander good hard working patriots and is highly illegal!!! If my name is not removed from this nonsense I will seek every legal avenue I can to prosecute all involved! I have copied and filed this bogus indictment and will be sending it not only to my sheriff but to other legal venues to prosecute within 48 hours! Thank you for the evidence I need to remove this illegitimate court from all of the patriot communities lives. Sincerely, Rick Light.

There was a Count included in the previous Indictment that was included in error. That Count has been removed and the Indictment attached reflects the correction.
